SONIC
ADVENTURE
TIE-IN

After ten long years, the iron-fisted rule of DOCTOR ROBOTNIK over planet MOBIUS was believed to have finally ended! With the technological tyrant vanquished and his polluted factories shut down, order and beauty were restored to the city of MOBOTROPOLIS. Now the villain has returned to wreak havoc once more, but there are many who are willing to stand against him in the fight for freedom. The bravest among them is a brash, blue streak who just happens to be the fastest thing alive!

In the last issue: SONIC THE HEDGEHOG and NATE MORGAN intercepted a transmission. It indicated Dr. Robotnik's excavation of the Mystic Ruins. Thinking Robotnik has found the HIDDEN CITY OF THE ANCIENTS, Nate and KING ACORN think it a good idea to travel to the area and warn the inhabitants. As the Freedom Fighters prepare themselves for the journey, Amy Rose asks to go with them. After being told she was too young, Amy angrily leaves with but a wish... a wish she realizes could be fulfilled. As does Prince Elias, wanting nothing more than for his mother, the QUEEN, to be cured from her strange illness. Suddenly, he gets an idea he had not considered before and runs to it only to find...

SONIC COLUMN

OFF PANEL

by M. Gallagher and D. Manak

THIS JUST IN!

Welcome to the second installment of our adaptation of 'SONIC ADVENTURE!' Making an adaptation usually is not easy to put together — and this one was no exception. To understand the story in its entirety, the game itself had to be beaten all the way to the end no later than four months before the first issue would see print. Not an easy task since the game was still being translated from Japanese to English at the time. Luckily, our man SPAZ is a video game freak (Hint: see Gamefan magazine and you'll see what I mean) and he couldn't help getting the Japanese version. Though we couldn't understand a word of it, SPAZ spent many hours of his own time playing 'SONIC ADVENTURE' until he finally succeeded in beating the game with his sanity barely intact. This information was so useful to all our writers and artists on this multi-issue project that I can't thank him enough for it. Then, I asked our very own Harvo to have him and his friend, Chris Cowgill, translate the Japanese version into English. It was at this point that I sat down and began to write an outline for all to follow that would combine the game's story with our own comic. That, fans, is how the ball got rolling. However, things didn't get easier. When the American version of the game came out, some of it didn't match the translation. To make sure we got it right, your very own editor spent hours at home beating the U.S. version of 'SONIC ADVENTURE!' In the end, it was all worth it! After reading it, I hope you feel the same. That's it for this month, so until then...

Re: SONIC THE HEDGEHOG #76 and KNUCKLES THE ECHIDNA #29...

It seems that "Business as Usual", featuring the debut of Fry as our new penciler, and "My Special Friend", which guest-starred Princess Sally, has gotten a great deal of response from you hedgehog and echidna fans out there! Here's a sampling from both titles:

Hey Sonic,

Just finished reading issue #76! You'd think Robotnik would've picked a new, good-looking artificial body. I can't decide if he looks better or worse now! About this new girl Mina...what type of animal is she? Will we see much more of her? She seems interesting. Oh, and I wanted to ask about sending in fan art. Are the drawings returned? If you don't want to send in the original, can you send in a copy? I was thinking of sending some in. I've been reading since Sonic #16, and I never expected the story to get this complex! Keep surprising us!

Kelley Gillespie (age 14)

Glen Burnie, MD

Brace yourself, Kelley. We know it's too scary to imagine, but maybe Robotnik thinks his new body IS good-looking! As for Mina, she's a mongoose and you can expect to see more of her in the future.

Dear Knuckles Team,

I was amused at the meeting of Knuckles and Princess Sally in Knuckles #29, especially the reason behind Princess Sally being colored differently. I know that when she was featured in the beginning of Sonic's run, she started out pink with yellow hair, and then pink with black hair, but I never saw her red with yellow hair! I hope to see Princess Sally meet Knuckles again, or maybe have Bunnie Rabbot or

COMING ATTRACTIONS

Next Month: THE OFFICIAL GAME ADAPTATION OF THE NEW SEGA DREAMCAST'S "SONIC ADVENTURE" CONTINUES! In the first story, our heroes tour The Hidden City of the Ancients. But how do the inhabitants feel about that? Story by Bollers with breakdowns by Fry and art by Ribiero & Pepoy. The second story stars Knuckles exploring the Mystic Ruins. Story & Art by Penders, Butler and Eklund. Also included, a solo story with Amy Rose. All this in the next exciting issue of SONIC THE HEDGEHOG!

SONIC THE HEDGEHOG #81 on sale late January 2000!

Amy Rose meet him.

Darryl Heine
Inverness, IL

Happy to hear that Sally's early experiments with hair-dye gave you such a kick, Darryl!

Dear Sonic and Company,

I love the way the storyline is going! The slow shift to fit Sonic Adventure worked great. Since there will be a comic adaptation, will we see Big the Cat, that robot, and Amy Rose's new style? I can't wait for the game to come out. I played it in the mall and fell in love! Being an anime fan, I liked Fry's homage to Tenchi Muyo on page 6. Nice way to fit it in. Fry's a very good artist. I can only hope to one day do so well. I've been a loyal reader for for five years and plan to keep reading until there are no more (Heaven forbid) Sonic comics! Keep it cool!

Priscilla 'Nuku Nuku' Lassiter (age 17)
Florida, AL

Glad you're appreciating our efforts, 'Nuku'. In this very issue, you saw Amy Rose's transformation into her Dreamcast counterpart, as well as the debut of Big the Cat. More to follow, and by the way, we thought your doodle had some Fry-like qualities of its own!

Dear Sonic staff,

I just read Knuckles #29 and Fiona Fox is back, so I have a suggestion. Could you make a comic where Tails meets the REAL Fiona Fox? That would make my day! Until next time, keep cool! Gotta' juice!

Patrick Harrington (age 10)
Gainesville, FL

Patrick wants to see Tails and Fiona get together again. Any of you other fans out there feel the same way?

Dear Sonic-Grams,

Congratulations on another awesome issue of Sonic. This was the best issue since #75 (okay, so they're all good). The only weird thing is Tails' face. His eyes are blue! Anyway, I've got some questions: 1) Is Robo-Robotnik gone, or is he in the new Robotnik? 2) Is everyone going to live in Knothole? 3) Did Snively befriend Sonic? I can't wait for next month's issue. Keep the good covers and great stories coming!

Mark Ziemer
Roswell, GA

Thanks for the congrats, Mark. In response to your questions: 1) The "new" Robotnik is merely Robo-Robotnik's latest artificial body. 2) Only Mobians who wish to stay there. 3) Sonic and Snively aren't friends so much as they're enemies who both share a common foe in Robotnik.

Dear Team Sonic,

The artwork from Fry and Pepoy was astounding! Especially now that it's taken on the Japanese animation style! Tails never looked better and I much prefer Eggman over the old Robotnik... Bunnie and Sally look sooo cute!

Matron Weyn (age 8 1/2)

Allyah Weyn (age 16)
Sparks, NY

Messrs. Fry and Pepoy have gotten a great deal of positive response. Are they the best thing to come along since sliced bread...or even better?

We appreciate your comments on SONIC #76. See you in thirty as we review SONIC THE HEDGEHOG #77. And remember...

KEEP ON JUICIN'!
